

City of Loma Linda Official Report

Floyd Petersen, Mayor
Karen Hansberger, Mayor pro tempore
Robert Christman, Councilmember
Stan Brauer, Councilmember
Robert Ziprick, Councilmember

COUNCIL AGENDA: August 26, 2003

TO: City Council

VIA: Dennis R. Hallaway, City Manager 

FROM: T. Jarb Thaipejr, Public Works Director/City Engineer 

SUBJECT: AWARD OF CONTRACT FOR PAVEMENT
REHABILITATION BY SLURRY SEAL METHOD AT
VARIOUS LOCATIONS

RECOMMENDATION:

It is recommended that the City Council award the contract for the improvement of the above subject project to Wheeler Paving, Inc. of Riverside in the amount of \$90,068.00 and authorize a contingency allocation of 10%. It is further recommended that the City Council award the contract for construction inspection to Cal-West in the amount of 'not to exceed' \$12,680.00.

BACKGROUND:

The existing residential streets east of Poplar Street to Mountain View Avenue and south of Barton Road are in fair to poor condition. The City has allocated funds to rehabilitate these streets in the Capital Improvement Program. A slurry seal of these streets will rejuvenate the asphalt thereby extending its useful life many years. The City will crack seal the streets to prevent water intrusion of the base material.

The rehabilitation project consists of removal and repair of severely damaged pavement and overlaying with a latex slurry seal. This project is scheduled in the FY 03-04 Capital Improvements Program.

ANALYSIS:

Bids were received and publicly opened on August 5, 2003. Bids ranged from a low of \$90,068.00 to a high of \$131,127.98 (see attached bid summary). The low bidder, Wheeler Paving of Riverside, is 1% under the engineer's estimate of \$91,000.00. It is not unusual for a construction project to change the quantities of work or the scope of work as field conditions dictate. This is generally caused by unforeseen circumstances or work needed to maintain the integrity of the project. Therefore, Staff recommends an allocation of 10% \pm of the construction amount (\$9,000.00) for such circumstances.

Funding was allocated in FY 03-04 Budget for Slurry Seal Phase III – area South of Barton Road and East of Poplar Street.

FINANCIAL IMPACT:

Funding will be provided from the following accounts:

08-5340-8240	Measure I	\$ 95,000
01-3200-8872	Street Maintenance Effort	\$ 16,748
